Annual activities Report: 2017-18 of Dr. Rakesh Kr Singh Aryabhattacentre for Nanoscience and Nanotechnology School of Engineering & Technology

Activity category-I.

<u>Curricular Aspects and Teaching- Learning and Evaluation related</u> activities Organanized

ACNN of AKU is first cutting edge research centerin university of Bihar and based on research project based learning. For overall growth, we focus on transformation and for this we focus on beyond Class room activities/ university syllabus so that students face the emerging challenges in our society. The most important things of ACNN is managing talent in an era of disruption irrespective Knowledge growth, workforce agility has to be ensured with heavy dose of motivation, training and continuous learning. Programmes are organized so that they developed critical attitude for sustained development. Guest lectures, Seminar/ presentations organized regularly for holistic development. In this context following programmes are organized.

1. <u>Seminar On Hydroelectric Cell Invention, A Boon for Masses- Nanotechnology</u> <u>Green Energy Source.</u>

Dr.R.K.Kotnala, Chief scientist, **National Physical Laboratory**(**NPL**)-**CSIR**, **Delhi**, delivered a Lecture on Hydroelectric cell- Invention in Nanotechnology on . 5th **March 2018**. In this seminar, Dr.R.K.Kotnala shown invented an energy device coined as hydroelectric cell, which produces electricity from water droplets using no light or acid/alkali. Energy from splitting of water has opened a new class of revolutionary research in the field of green energy. Hydroelectric cell prepared using magnetic nanomaterials can be used in wide variety of consumer products especially in rural India for lighting, charging and daily activities. Such invention is pride of India-Path breaking invention by Indian Scientist. Dr. Kotnala suggested to Dr. Rakesh Kr Singh, head of the Nanotechnology center(Seminar Coordinator), AKU for

sending students to Delhi for training in this field. Dr. Rakesh Kr Singh, worked with Dr. Kotnala and published 5 research publication on Nanotechnology as a research group. On this occasion Vice Chancellor Prof. A.K.Agrawal, Pro Vice Chancellor Prof. S.M.Karim, Registrar(I/C) Er. Rajeev Ranjan also present and welcome the guest and congratulated Dr. Rakesh for organizing such scientific programme.

2. Seminar on Nanotechnology for Human Performance

On 4th February 2018, Seminar on Nanotechnology for Human performance was organized. Dr. Rajesh Kr, IIT Indore was main speaker of this session. Dr. Rajesh highlighted the different affairs progress in Nanoscience research for human performance. On this occasion Dr. Rakesh Kr Singh, Head of the Nanotechnology Deptt.AndProgramme coordinator emphasized the frontiers research work carried out at Nanotechnology center AKU,e.g- Nanotechnology in Ayurvedic Science, Nanotechnology in Food and Agriculture, Nanotechnology in health & medicine, Nano electronics & Magnetic Nanomaterials. AbhaykrAman, Ph.D. scholar given a vote of thanks.

3. MatribhasaDiwas- 21 Feb 2018

On 21st Feb. 2018 MatribhashaDiwas was celebrated at Nanoscience center. On this occasion all together 35 M.Tech& Ph.D. students participated in this seminar. Head of the Nanoscience center and programme coordinator Dr. Rakesh Kr Singh highlighted –Linguishtic diversity of country India, encourage the learning languages, other than one's own mother language. Dr. A.K.jha, Asst. Professor and Ph.D scholar and chairman of B.Braindevlopement society, Sri BibhutiBikramaditya highlighted the diversity of culture in India.

4. Seminar on Translational Research & Entrepreneurship Seminar

Chief speaker Sri Udayan Chandra, Foundation for Innovation and Technology Transfer(FITT), IIT Delhi, held on 6th Jan 2018. Dr.Chandra stressed how research and innovation can a new direction to Indian Science. Dr. Rakesh highlighted the research work in the area of Nanotechnology in food, nanotechnology in Agriculture and nanotechnology in Ayurvedic Science, which can be industrialized and can contribute to the nationdevlopement.

5. National Science day- 28 Feb 2018

National Science Day-2018 was celebrated by M.Tech and Ph.D. students of Nanotechnology center, AKU. On this occasion Dr. Rakesh Kr Singh, Head of the center and Programme coordinator highlighted the important of the scientific discovery after independence in India and Inspire the students for society based research. Ph.D. students given presentaions on AyurvedicBhasma as nanomedicine, Food Nanoparticles, Nanoelectronics, Nano-Biotechnology.

6. National Technology Day-11th May 2017

National technology day is observed every year on 11th May in India, acting as a reminder of the anniversary of Shakti nuclear test. The day highlighted the importance of science in dailey life and encourages students to embrace Science and research as a carrer option. In this regard Naosciecnecenterorganized debate on Science education for sustainable growth of the society. Total 31 students of M.Tech and Ph.D. programme participated in this debate. Head of the center and programme coordinator, Dr. Rakeshkr Singh explained the importance scientific research for nation building. Dr. A.K.Jha, Asst. Prof, given a vote of thanks.

Activity Catogory-II.Research and Development

The teachers of the center are involved in research, consultancy and extension services activities and producing vibrant atmosphere of R & D. In this context 1st 2 Ph.D. of AryabhattaKnowledge University, Patna submitted successfully.

(A).Doctoral Research(Ph.D) Thesis submitted/awarded

S.No	Name of Research	Name of the Supervisor	Title of Doctoral Research	Date of Ph.D. thesis submission
	Scholar Supervisor			Submission
1	Mr. Sanjay Kumar	Dr. Rakesh Kumar Singh	Synthesis Characterization and Applications of some Ayurvedic bhasma as Nanomedicine"	1 st September 2017
2	Mr. Abhay Kumar Aman	Dr. Rakesh Kumar Singh	Synthesis, Characterization of nanosize food materials and its applications".	19 th January 2018

Sanjay Kumar with their supervisorAbhay Kr Aman with their supervisor and and Examiner-Prof.Ranjan Kr, BHUExaminer-Prof.A.C.Pandey, Univ. of Allahabad

Activity Category-II(A)M.Tech Research Project submitted/ Awarded

The M.Tech Students of session 2015-17 submitted their Research Project and awarded Degree.

Name of Students	Guide/ Supervisor	Research Project Topic
Akanksha	Dr. Rakesh kr.	Synthesis and characterization of Nano silica from Rice
Kumari	Singh	husk.
Kumar	Dr. Rakesh Kr.	Preparation of Nickel and Cobalt Ferrite Nanoparticle at
Shivam	Singh	different annealing temperature and Evaluation of their
		Structural, Electrical and Magnetic properties.
NeelamPr	Dr. Rakesh Kr.	Synthesis of some Rare earth substituted ferrite Nano
abha	Singh	materials and investigation of their Electrical and Magnetic properties.

(II-B) M.Tech Research Project working for their research work

In academic session 2016-18 total 9 M.Techscholar registered .In which 6 scholar worked under the supervision of Dr. Rakesh Kr Singh. The Detail of their project title with supervisor are following

Sl.No.	Name of the	Name of the	Area of Research project
	Candidate	Supervisor	
1.	AbhishekhRanjan	Dr. Rakesh Kr Singh	Nano silica from Rice Husk
2.	Nishant Kumar	Dr. Rakesh Kr Singh	Magnetic Nanomaterials
3.	AtulJyoti	Dr. Rakesh Kr Singh	Nano silica from Rice Husk
4.	ShubhraKumari	Dr. Rakesh Kr Singh	Rare earth substituted Magnetic Nanomaterials
5.	Sampurnand	Dr. Rakesh Kr Singh	Nano Alumunate Materials
6.	Amit Kumar	Dr. Rakesh Kr Singh	Garnet nanomaterials

Activity Catogory (II-C)Doctoral Research (Ph.D): Rigistered

At present 9 Doctoral students are working for their Ph.D. degree. In which 6 Ph.D. students are registered under the guidance of Dr. Rakesh Kr Singh and 3 are registered under the supervision of Dr. Anal kantJha. Their title of Ph.D thesis and name of supervisor are following

S.No.	Name	Guide/	Research Area
		Supervisor	
1.	Harendra Kr. Satyapal	Dr. Rakesh Kr.	Magnetic Nanomaterials
		Singh	
2.	Sweta Kumar	Dr. Rakesh Kr.	Ayurvedic Bhasma as Nanomedicine
		Singh	
3	ArchanaKumari	Dr. Rakesh Kr.	Nanotechnology in Food
		Singh	
4	BibhutiBikramaditya	Dr. Rakesh Kr.	Luminisceent Materials(Garnet
		Singh	Nanomaterials)
5	Dr.Prabhat Kr Dwedi	Dr. Rakesh Kr.	Ayurvedic Bhasma as Nanomedicine
		Singh	
6	Md. QamarTanbir	Dr. Rakesh Kr.	Magnetic Nanomaterials
		Singh	

Visitors of the Nano Sciencee Center, AKU, headed by Dr. Rakesh Kr Singh

In year 2017-18, the faculty/research scholar of following Institutions visited the Nanotechnology center and aware the different activities carried out.

- Nalanda University Rajgir
- Indian Institute of Technology(IIT) Patna
- Central University Allahabad
- BHU and National Physical laboratory-CSIR, New Delhi
- Indian Institute of Information Technology and Managment, Jabalpur
- UGC-DAE-Indore and RMRI-Patna
- National Institute of Technology(NIT) Patna
- Birla Institute of Technology(BIT) Patna
- Central University of Jharkhand
- JNU-Delhi
- Indian Institute of Technology(IIT) Delhi
- University of Allahabad

III. Research Publications by the Faculty member(Dr.Rakesh Kr Singh)

Dr. Rakesh Kumar Singh, Head of the nanosciencecenter, published research articles in Magnetic Electronics nanomaterials, Nanotechnology in Ayurvedic Bhasma, Nanotechnology in food and Innovative method of learning Science through experiment fields. The detail of research publications are following.

Nanotechnology in Food

- **1.** Effect of high energy ball milling on physic-chemical, structural and morphological studies of Bitter melon Nanopowder. International Journal of Recent scientific Research.8(2017)19258-19263.
- **2.** Effect of high energy ball milling on physic-chemical, structural and morphological and optical properties of Curcuma Longa Nanoparticles powders, International journal Pharmaceutical Science and Research.9(2017)1000-06.

Innovative Method of Teaching Science and Inspire for Research

3. Some College and University level experiments that foster research driven learning, proceeding, Int. J. Advance Research in science and Engineering. 6(2017).

Nanotechnology in Ayurvedic Science

- **4.** Study on physical properties of Indian based Ayurvedic medicine- Abhrakh bhasma as Nanomaterials by employing modern scientific tools. GSC Biological and Pharmaceutical Sciences, Under Review, manuscript ref No. GSCBPS-2018-0100.
- **5.** Physical properties of an Indian based Ayurvedic Medicine (*Shankh Bhasma*) as Nano materials for its application, Indian Journal of Traditional Knowledge medicine (2018), under review.

Nano-Electronics(Magnetic Nanomaterials)

- 6. Magnetic interaction between ferromagnetic CoFe₂O₄ and antiferromagnetic NiO, Physica B-Physics of condensed Matter.530(2018)114-120.
- 7. Surface anisotropy induced magnetism BTO-CFO Nanocomposite, J.Magn.Mag. Mater.465(2018)93-99.
- 8. Effect of lattice strain on structural and Magnetic properties of Ba-hexa ferrite nanoparticles, J.Magn.Mag.Mater. 458(2018)30-38
- 9. Evidence of exchange coupled behabiour in Cobalt-chromium Ferrite Nanoparticles.J.Magn.Mag. Mater.456(2018)118-123.
- 10. Correlation between Lattice strain and Physical (Magnetic, Dielectric and Magnetodielectric) properties of perovskite (1-X) (Bi_{0.85}La_{0.15}FeO₃)-(X) Spinel (NiFe₂O₄) composites Nanomaterials, JAP (under review)

IV. Professional Development, Co-Curricular and Extension Activities (Dr. Rakesh Kumar Singh)

Dr. Rakesh Kumar Singh, Asst. Prof &Head of the Nano Science center participated in following Students related/professional devlopementactivities.

- Organized 6 guest Lecture as coordinator, mentioned in academic activities, category-I-Seminar on hydroelectric cell invention, A boon for masses as Nanotechnology green energy source; Seminar on Nanotechnology for Human performance; Seminar on MatribhasaDiwas(21st Feb 2018); Workshop on translational research &Enterpreneurship, National Science day-2018 and National technology day-2018.
- 2. Participation as a stake holder in Course Curricular with HUC representative's on11th October 2017 on the subject –Studies on River
- 3. Coordinator National Anveshika Experimental Skill Test (NAEST)-2017organized for Colleges, Universities and Schools students. This is unique programme for skill development in science experiment for Inspired research. Prof.H.C.Verma, IIT Kanpur is National coordinator of NAEST
- 4. Evalution committee member of International Women's day-2017- Debate competition, organized by- SKSciencecenter, Patna, Govt. of India

- 5. Participated as a Resource person in State level Balsri programme -2017 on 29-30 July 2017 on focal theme, Creative Scientific Innovations, Organized by Dept. of Kilkari, Autonomous unit of Dept. of Education, Govt. of Bihar.
- 6. Particiapated as Stackholder meeting on International research project FAR-Ganga in collaboartyion with University of Manchester and University of Salford, UK at Bihar pollution control board, Patna dated 17th Feb. 2018

Attended Interaction meet with Hon'ble MHRD minister, Sri PrakashJavedkar and UGC chairman at Pune on focal theme- Shodh, Shiksha and Samiksha.

7.Particiaption as a stachholder Interaction meeting with Hon'ble minister, MHRD, Govt. of India and UGC chairman on theme- Shodh, Shikha and samikha, at Pune, dated 5th Sep. 2017.

8. Valued guidance as resource person for the enrichment of national project(A programme of DST-Govt. of India) for state awardee, at SCERT, Govt. of Bihar, Patna, Dated-2nd Dec. 2017 and various other activities related to Physics education and emerging research.

Activity category V. Contribution to Corporate Life and Management of the Department and Institution through participation in academic and Administrative Committees and responsibilities(Dr.Rakesh Kr Singh)

- Head of the Aryabhattacenter for Nanoscience and Technology, Aryabhatta Knowledge University, Patna from 10th April 2017.
- Nodal officer of NPTEL(National Programme on Technology Enhanced Learning) workshop of Aryabhatta Knowledge University at IIT Patna, organized by IIT Madras on 17th Feb 2017
- 3. Convener Doctoral Committee, Post-Graduate Programme in Research ,Aryabhattacenter for Nanoscience and Nanotechnology, AKU from 21st July 2017.
- 4. Member of welfare Committee of AKU, Admission &Examination session for 2017-2019 Session- Committee member.
- 7. RUSA related preparation work at University level-Organizing Committee member
- 8. Inspecttion committee member of B.Ed colleges affiliated to AKU for session 2017-2018.

- 9. Rajbhawan Secretariat letter no. BSU-17/2015-1298/GS(1) and preparation of Instituationaldevlopement plan- Organizing Committee member
- **10.** Library Committee member of AKU
- 11. Academic Council Member and PGRC, School of Engineering & Technology, AKU
- 13. Different affairs of ACNN new building development as per research requirement and Equivalence Committee member of AKU
- 14. Committee member for preparation of academic calender-2018 of AKU, Post-creation, Absorption and Confirmation committee.
- 16. Participation in preparation of regulation & ordinance of post-Graduate diploma in Yoga courses of AKU, dated 11th April 2017.
- 17. Participation in Preparation of DPR of Astronomy and Astro-Physics of AKU, dated 20 June 2017.
- 18. Organizing committee member of 4th Convocation of AKU And some others

VI.<u>Engaging as a Resource person/ Lecture delivered/ paper presented(By Dr</u>.Rakesh Kumar Singh)

Delivered a lecture as a Resourecer person in National Seminar and Feliciatated by Hon'bleViceChancellor,J.P.University

Dr. Rakesh delivering a Lecture on RashtriyaAvishKarAbhiyan programme atIndian Institute of Technology(IIT) Patna

- 1.Delivered a talk on Nanotechnology in Food- and possibility for the development of Bihar, at J.P.University, dated 20th Jan 2018.
- 2. Talk delivered Workshop of KendriyaVidyalaya PGT teachers of state Bihar, Maharashtra, Chatishgarh under RashtriyaAvishkarAbhiyan programme- Initiative of Govt.of India, at IIT Patna, 4-6 April 2017. Also coordinated this programme as local coordinator with IIT Patna.

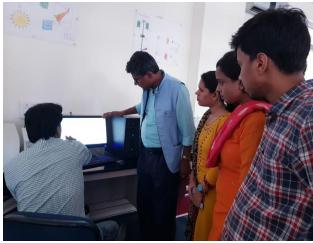

- 1. Participated as Research Advisory Committee in the faculty of Science, Patna University(Inpersuance of the decision taken in the meeting of the Internal quality Assurance cell)
- 2. Participated as a panel member of Innovation promotion appraisal committee of BCST-DST-Govt. of Biharand given input for Scientific innovation.
- 3.Participaaated in Ethical Committee member of Govt. Ayurveda College for Post-Graduate Research
- 5. State Resource Group for environment and climate change group member, Dept. of disaster management, Govt. of Biha.
- 6. Participated in Cleanness' activities and delivered own opinion on this issue at Kali Ghat, Dharbhanga House, Ashok rajpath, Patna, Organized by dainik Hindustan, dated- 30th Sep 2017.
- 7. Participated as Anveshika Coordinator/ Senior Resource person at Maavaisno Devi University, J & K, dated 6-9 June 2017.

Awards/ Recognitions received by the students

Best Paper Research paper presentation Prize

Ms. Sweta Kumari and Mr. Sanjay Kumar, ACNN students of AKU given 1st prize in National Conference on Ayurvedic Science at GyanBhawan on--. They have presented research paper on Ayurvedic bhasma as Modern Nanomedicine. Both students are working under the supervision of Dr. Rakesh Kumar Singh, Asst. Prof. cum Head of the Nano Science center.

Preparation of nano-silica from rice husk Working with dynamic light scatterings cum Zeta potential

Prof. Rajeev Kumar, IIT Kanpur with Ph.D. scholar of Nanoscience center

Media Response

TIMES CITY

THE TIMES OF INDIA, PATNA THURSDAY, AUGUST 24, 2017

throws freshers' part

TIMES NEWS NETWORK

Patna: The Nanoscience and Nanotechnology Centre students of Aryabhatta Knowledge University (AKU) organized a freshers' party for their juniors on Wednesday.

AKU pro-VCSM Karim, registrar Ajay Pratap, examina-

NIT students of architecture department in Patna on Wednesday

CAMPUS NOTES

tion controller Rajiv Ranjan and centre director Rakesh Kumar Singh addressed the newly-admitted students and told them about the latest facilities that would be made available to them. Faculty member Amal Kant Jha proposed the vote of thanks. Meanwhile, AKU VCS P Singh on Wednesday donated Rs 2 lakh to the CM relief fund for flood-hit victims of north Bihar. The amount was contributed by the AKU employees' welfare fund.

Gyan Niketan: Class X students of Gyan Niketan Boys' School attended a career counselling session organized on Wednesday, Career counsellor Sanjeev Arora addressed the students and answered their queries. School principal J K Mukherjee and vice-principal SM Jha were present

Magadh Mahila College: A workshop on 'Peace of mind and soul' was organized by the department of chemistry at Magadh Mahila College on Wednesday. Dr Amulya Kumar Singh, who was the chief guest on the occasion, highlighted the importance of a healthy diet, exercise, yoga and music. NIT-P: Architecture students of National Institute of Technology-Patna organized various activities for underprivileged kids on the Patna Medical College and Hospital premises on Wednesday.

तकनीक पर आधारित हो रिसर्च

नेशनल टेक्नोलॉजी डे के मौके पर गुरुवार को आर्यभट नॉलेज युनिवर्सिटी में आयोजित कार्यक्रम में मौजूद फैकल्टी व अन्य

नेशनल टेक्नोलॉजी डे पर एकेयु में लेक्चर और पेजेंटेशन आयोजित

लाइफ रिपोर्टर 🍻 पटना

छात्र जो भी रिसर्च करें, उसमें यह सुनिश्चित करने की कोशिश जरूर करें कि वह रिसर्च तकनीक पर आधारित हो. यह बातें आर्यभट नैनोविज्ञान व कि वह रिसर्च तकनीक पर आधारित हो. यह बातें आर्यभट नैनोविज्ञान व नेनो प्रोद्योगिकी केंद्र के सेंटर प्रमुख डॉ राकेश कुमार सिंह ने गुरुवार को नेशनल टेक्नोलॉजी डे के मौके पर आर्यभट नॉलेज यूनिवर्सिटी में आयोजित एक कार्यक्रम के दौरान कहीं. अपने संबोधन में उन्होंने 21वीं सदी के विभन्न तकनीकों व

युवा पीढ़ी में शोध-प्रौद्योगिकी क्षेत्र में आयेगी रुचि

डॉ एके झा ने बताया कि नेशनल टेक्नोलॉजी डे का आयोजन देश में तकनीक के क्षेत्र में समय – समय पर हुए अहम बदलाव और सफलता को मनान के उपलक्ष्य में मनाया जाता है . आज ही के दिन 1998 में पोखरण में न्यूक्लियर बम को टेस्ट किया गया था, वहीं आज ही के दिन देश के पहले इंडीजीनियस

विकास व आर्यभट नैनोविज्ञान और विकास व आयमंट ननाविज्ञान आर नैनो प्रौद्धोगिको केंद्र में हो रहे नैनो टेक्नोलॉजी रिसर्च पर विस्तार से प्रकाश डाला. इस आयोजन में हिस्सा लेते हुए सेंटर के सहायक प्राध्यापक डॉ एके झा ने भी टेक्नोलॉजी एडवांस्मेंट

एयरक्राफ्ट का पहला परीक्षण बेंगलुरु में किया गया था . इसके अलावा देश बने स्वदेशी मिसाइल त्रिशुल का भी सफल परीक्षण आज ही के दिन किया गया था . उन्होंने कहा कि इस तरह की वैज्ञानिक गतिविधियों से सरकार द्वारा स्टार्टअप प्रोग्राम और युवा पीढ़ी में शोध-प्रौद्योगिकी क्षेत्र में रुचि आयेगी .

व वर्तमान में इस तरह कार्य करने का माहौल पर अपना व्याख्यान दिया. ज्ञात हो कि इस मौके पर केन्द्र के MTech, PhD Nano technology के कुछ छात्रों ने इसी विषय पर अपना प्रेजेंटेशन भी दिया.

विभिन्न विषयों के फैकल्टी की खासियत भी बताई गई

फ्रेशर्स को आर्यभट्ट विवि में मिला ज्ञान

स्त्र 2016 के विद्यार्थियों की ओर से नए सत्र में नमांकित विद्यार्थियों के कार्यक्रम में फैकल्टी भी रहे।

पटना • डीबी स्टार

आर्थभट्ट ज्ञान विश्वविद्यालय के आर्थभट्ट नैनो विज्ञान एवं नैनो प्रौद्योगिकी में एमटेक एवं पीएचडी पाठ्यक्रम के सत्र 2016 के विद्यार्थियों की ओर से नए सत्र में नामांकित एमटेक व पीएचडी के विद्यार्थियों के लिए फ्रेशसीं पार्टी का आयोजन किया गया। नव-नामांकित छात्राओं के इस स्वागत कार्यक्रम में विभाग की खुबियों के साथ विभिन्न विषयों के फैकल्टी की खासियत भी बताई गई।

फ्रेयार्स पार्टी में विश्वविद्यालय के प्रतिकुलपति प्रो. एस. एम. करीम, कुलसचिव डॉ. अजय प्रताप, परीक्षा नियंत्रक इंजीनियर राजीव रंजन, केन्द्राध्यक्ष डॉ. राकेश कुमार सिंह समेत विषय से जुड़े तमाम फैकल्टी व विवि पदाधिकारी शामिल हुए। प्रतिकुलपति ने नव-नामांकित छात्रों को अत्याधुनिक प्रयोगशाला व कोर्स की जानकारी दी। केन्द्राध्यक्ष ने एकेडमिक प्रोग्राम के प्लान और डेक्लपमेंट के बारे में बताया। डॉ. अनल कांत झा ने धन्यवाद ज्ञापन दिया। यह कार्यक्रम सत्र 2016 की ओर से 2017 के विद्यार्थियों के लिए आयोजित किया गया, इसलिए इसमें छात्रों को एंटी रैगिंग की जानकारी भी दी गई। नए छात्रों को स्वस्थ माहौल के फायदे बताते हुए सत्र 2016 के छात्रों ने उनकी झिझक को खत्म करने का प्रयास

आर्यमटट ज्ञान विवि के नैनो विज्ञान एवं नैनो प्रौद्योगिकी केंद्र में तीन वर्षों से चल रहा था शोध

करेला का नैनो पाउडर रोकेगा कैंसर का ग्रोथ

हिन्दुस्तान स्वास

पटना | शशिभुषण

आर्थभट्ट ज्ञान विवि (एकेष्ट्र) के नैनो विज्ञान एवं नैनो प्रौद्योगिकों केंद्र ने करेले का नैनो पाउडर बनाने में सफलता हासिल की है। शोधकर्ताओं का दावा है कि यह पाउडर कैंसर की कोशिका को बढ़ने (शोध) से रोकता है। केंद्र के अध्यक्ष डॉ. राकेश कुमार सिह और शोधार्थी अभय कुमार अमन

ने बतावा कि शोध के दौरान कैंसर कों कोशिका पर रिएक्शन का प्रयोग पीजीआई (लखनक) में किया गया, जहां उत्साहजनक परिणाम मिला। शोध में यह बात साबित हुई कि यह कैंसर में उपयोगी हो सकता है। इसके अलावा मधुमेह सहित अन्य बीमारियों में भी इसका उपयोग क्या बीमारियों में भी इसका उपयोग क्या बीमारियों में भी इसका उपयोग क्या बीमारियों में भी इसका है। स्वताओं का नया द्वार खोल देगा। बिहार जैसे कृषि आधारित प्रदेश को फायदा हो सकता है। नैनो पाउडर बनाने के बाद करेला के

दावा

- मधुमेंह और अन्य बीमारियों में भी फायदेमंद हो सकता है करेला का पाउडर
- हर्बल फॉर्मास्यूटिकल और कृषि के क्षेत्र को बिहार में मिल सकता है बढ़ावा

इसका केमिकल कंपाउंड भी बदल गया। यही नहीं, नैनो पाउडर का जैसे-जैसे साइज छोटा किया गया, उसकी चुंबकीय शक्ति बढ़ती गई, जबकि सामान्य करेले के पाउडर में चुंबकीय गुण बिल्कुल नहीं था। ऐसे में विभिन्न

बीमारियों में वह ज्यादा कारगर होगा। चुंबकीय गुण की वजह से शरीर इस पाठडर को तुरंत अवशोपित कर लेगा। नैनो पाठडर 28 से 31 नैनो मीटर तक बनाया गया। 28 नैनोमीटर वाले पाठडर में अधिक क्षमता मिली।

६ अत्याधुनिक मशीनों का लिया गया सहारा

अभय कुमार अमन इस विषय पर पिछले तीन वर्षी से विभागाध्यक्ष डॉ. राकेश कुमार सिंह के गाइ इस में पीएचडी कर रहे हैं, वसमें उन्हें यह कि उन्हें के स्वार्थ के लिए सेंटर की लिया कि इस शीच के लिए सेंटर को लिया में रखी छह अल्याधुनिक मशीनों का सहारा लिया गया, जिसमें नेनो पाउडर बनाने के लिए हाई एनजीं बॉल मिलिंग मशीन, बदला हुआ स्टूक्यर एनािलिस्स के लिए रकेनिंग स्टूक्यर एनािलिस्स के लिए रकेनिंग स्ट्रेक्टर माइकोस्कोप, केमिकल नेवर बांड देखने के लिए स्वरंपर

ट्रांसफॉर्म इंफारेड, चुंबकीय गुण जांचने के लिए बाईब्रेटिंग सेंपल मैगनोमीटर, इलेक्ट्रॉनिक स्ट्रक्चर के लिए ल्यूमिनेसेंस और नैनो पाउडर के करेक्टराइजेशन के लिए एक्स-रे डिफेक्टोमीटर का उपयोग किया गया। नैना पाउडर बनान और इसके नए गुणों के बारे में लिखा आलेख 'इंटरनेशनल जनेल ऑफ रिसच' के अगस्त अंक में खपा है। डॉ. गंकेश ने बताया कि कैंसर सेल एर एक्सन का प्रयोग हाल में हुआ है। इसके लिए। अलग शोध पत्र प्रकाशित होगा।

5 यह बेरिसक शोध हैं, जो आगे के शोध के लिए महत्वपूर्ण होगा। इस शोध में विश्वविद्यालय और बिहार सरकार का अहम सहयोग रहा है।

-**डॉ** . राकेश कुमार सिंह, विभागाध्यक्ष, नेनो विज्ञान एवं नेनो प्रौद्योगिकी केंद्र

एकेयू ने नेशनल टेक्नोलॉजी डे मनाया

पटना : आर्यभट्ट ज्ञान विश्वविद्यालय पटना के नैनोविज्ञान एवं नैनोप्रौद्योगिकी केंद्र में गुरुवार को नेशनल टेक्नोलॉजी डे मनाया गया। इस मौके पर केंद्र के प्रमुख डॉ. राकेश कुमार सिंह ने 21वीं सदी के विभिन्न टेक्नोलॉजी और विस्तार सहित केंद्र में हो रहे नैनोटेक्नोलॉजी रिसर्च पर व्याख्यान दिया। उन्होंने छात्रों को तकनीक पर आधारित शोध करने को प्रेरित किया। सहायक प्राध्यापक डॉ. एके झा ने भी टेक्नोलॉजी एडवांसमेंट और वर्तमान में इस तरह कार्य करने के माहौल बनाने पर व्याख्यान दिया। इस मौके पर केंद्र के एमटेक और नैनोटेक्नोलॉजी में पीजी कर रहे छात्रों ने संबंधित विषय पर प्रजेंटेशन दिया।

'Ayurveda utilizes basic principles of nanotech'

TIMES NEWS NETWORK

Patna: Sounds incredible, but it is believed that the practitioners of Ayurveda, the ancient Indian system of medicine, utilized the basic tenets of nanotechnol art the preparing medicine or the treatment of various disease.

The Ayurvedic preparation Bhasma', which is widely recommended for the treatment of a variety of chronic aliments, is an ash obtained from some metallic compounds through incineration. When the 'bhasma' particles were analysed recently through latest instruments, they fell in the range of nanoparticles.

Revealing these facts at a UGC-sponsored seminar organized by Patna University chemistry department here on Friday, Sanja Singh and kesh of Arvabhatta Centre

GLORIOUS PAST

for Nanoscience and Nanotechnology, Aryabhatta
Knowledge University, and
Sweety Supriya and Manoranjan Kar of IIT Patna said
Abhraka Bhasma', a derivanomedicine. It is widely used
in cases of pernicious and
sickle cell anaemia, Bells
Palsy, hepatic dysfunction,
leukaemia, cystic fibroal
and cervical dyspunction,
is known for its property it
and spice body and various

"We have synthesized Abhraka Bhasma" through X-ray diffractometer, vibrating sample magnetometer, scanning electron microscopy and Photoluminescence spectrometer and found that it is in nanocrystalline form and may be considered as a nanomedicine," they said.

They further observed that the 'bhasma' cannot only be used as a very good na nomedicine but is also applied for various technological innovations for its magnetic and luminescence.

This preparation is natural and eco-friendly as well as cost-effective, they added.
